Off-Campus Access

Off-Campus access to most library databases to which Luzerne County Community College subscribes is available to all college students, faculty, and staff who have a valid college e-mail account. To access the library's electronic resources from off-campus, just click on the appropriate link, the name of the desired resource on [this page](http://depts.luzerne.edu/library/resources/eresources.jsp).

You will be prompted for a username and password when off-campus. The *username* is the first part of your college e-mail account name (minus the @student.luzerne.edu for students, and minus @luzerne.edu for faculty and staff) and the *password* is the one that you have already chosen for your e-mail account. For security purposes, this *password* should include at least one capital letter and one number.

If you have not created a college username and password, please go to the upper-right corner of the [Student Intranet](http://studentportal.luzerne.edu/welcome/) page to create a new account.

To retrieve a *forgotten* password, please visit the [LCCC Account Retrieval System](https://www.luzerne.edu/PasswordLookup/) webpage.

If you still cannot access any of the databases during library hours, please call the library reference desk at 570-740-0661 or 800-377-5222, ext. 7661.

To contact library staff when the library is not open, please use our [LCCC Help Form](http://depts.luzerne.edu/library/helpform.jsp).
